Event Name	Event Category	Event Location/date	Target population	Student Organization	Sponsoring Institution	Description	More Information
StIHx	Community Support/Education	YMCAs/Weekly	Adults	WUSM St. Louis Health Exchange	-	Students in the past have taught classes to adults at the local YMCA about nutrition, accessing healthcare, stroke, diabetes, mental health and stress. This fall we will be implementing the classes on Saturday mornings at SNHC. The goal will be to educate patients and their families/friends about various health topics while patients are waiting to be seen at the clinic, and we will expand the efforts back to the YMCA in the spring.	https://mdstudentaffairs.wustl.edu/student-group/public-health-interest-group-phig/
Various Events for Stroke Awareness	Community Support/Education	Various/ Twice per year	Adults	WUSM SIGN	-	Coordinating and staffing health fair booths and/or teaching stroke-specific health education classes. Topics include how to recognize a stroke, how to respond to a stroke (call 9-1-1), and how to prevent a stroke. The goal is to improve stroke awareness in the community.	https://mdstudentaffairs.wustl.edu/student-group/student-interest-group-in-neurology-sign/
Students Teaching AIDS to Students (STATS)	Community Support/Education	Various local high schools/3-4 times per year	Pediatrics	WUSM STATS	-	Traveling in pairs to local high schools to teach juniors and seniors about HIV/AIDS, STI's, and safer sex. This material is typically not included in standard curriculum, so schools rely on us to teach it to students. STATS also hosts an annual Wellness Day, where high school students come to WashU to learn about these topics.	https://mdstudentaffairs.wustl.edu/student-group/students-teaching-aids-to-students-stats/
