

May 18, 2020

Dear Entering Class of 2020:

Hello and welcome to Washington University School of Medicine and the inaugural class of the Gateway Curriculum! We look forward to your arrival in September and hope to assist you in getting off to a great start.

There are a number of materials to read and actions to take before you arrive on September 8. On June 1, you will receive an email from our Admissions office indicating that the Pre-Matriculation tab on your applicant portal at mdapply.wustl.edu is active. Under that tab you will find a centralized list of action items. *Pay close attention to the [new student](#) health action items as you may need to **schedule an appointment with your physician**.* If you will be requesting accommodations, please review our policy [here](#) and begin the process as soon as you are able.

I encourage you to connect with your future classmates on social media and virtually. Housing information and advice on a variety of topics from our students can be found [here](#) in our Dis-Orientation Guide.

I look forward to meeting all of you on September 8! If you have questions or any of us can assist you in any way, please do not hesitate to ask and, in the meantime, please keep an eye on your WUSM email account – we will be sending more information on June 1. Stay safe and be well!

Warm regards,

Lisa Moscoso, M.D., Ph.D.
Associate Dean for Student Affairs
Professor of Pediatrics
